## **GEL Remains Open as an Essential Business**

The GEL Group is an Essential Business. Its member LLC's, GEL Laboratories, GEL Engineering and GEL Solutions, employ essential critical infrastructure workers per the US Dept. of Homeland Security, CISA Memorandum on Identification dated March 19, 2020. We provide a wide range of operations and support services that are essential to continued critical infrastructure viability to many of the sectors outlined in the CISA memo, including, energy, water and wastewater, transportation and logistics, public works, critical manufacturing, hazardous materials, chemical and defense industrial base. As such, The GEL Group and member LLC's continues to operate so that our clients can maintain business continuity. Over the last several weeks, we have taken numerous steps, following the guidance of public health officials, to ensure our own business continuity and to protect the health and safety of our clients, employees, their families and the communities in which we live.

Mac Hodgson  
President, The GEL Group, Inc.
